

REMARKS

Claims 1-20 are pending. By this Amendment, new Claims 19-20 are added.

With respect to Claims 19-20, see for example numbered paragraphs [0111] – [0113] of the originally filed specification.

Claim Rejections under 35 U.S.C. § 103(a)

In the Office Action, the Examiner rejects Claims 1-18 under 35 U.S.C. 103(a) as being unpatentable over Roy Rada (“Rada”), “Hypertext writing and document reuse: the role of a semantic net” in view of U.S. Patent No. 6,947,959 to Gill (“Gill”).

Claims 19-20 depend from allowable Claim 1, and are therefore allowable over Rada for at least the same reasons and arguments set forth with respect to Claims 1-18 in the Request for Reconsideration entered by the Request for Continued Examination filed on August 10, 2007. Those reasons and arguments are incorporated herein by reference.

CONCLUSION

The pending application is in condition for allowance. Favorable consideration on the merits and prompt allowance are respectfully requested. In the event any questions arise regarding this communication or the application in general, the Examiner is invited to contact Applicants' undersigned representative at 1.206.262.8900.

Dated: August 24, 2007

Respectfully submitted,

By  _____
